

# CENTRAL FAMILY EDITION

Term 3 Week 2 – 25<sup>th</sup> July 2022

## Mr T's Yarn

Welcome back to another amazing week at Broken Hill Public School. We look forward to building on the incredible Week 1 with some even more amazing learning opportunities this week. This term staff will be focusing on the 'Big Ideas' in Mathematics and continue to build the foundation for effective numeracy skills.

### Calling all Central Family...

There will be a **P&C Meeting - 3.15pm Tuesday, 26<sup>th</sup> July, in the Meeting Room**. This is a great opportunity to come along and meet some like-minded people who are doing amazing things for our Central Family.

### Education Week 2022: 1-5 August

[Education Week](#) runs from Monday 1 August to Friday 5 August (Week 3, Term 3), celebrating the theme: Creating futures.

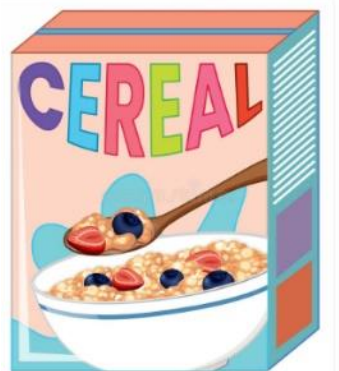

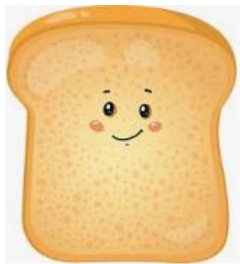

Ed Week is our annual celebration of NSW public education and the achievements of our schools, students, staff and education system. More information to come out soon.

### Breakfast Club

Breakfast club started this morning with a huge turnout of students lining up for some cereal, toast, Up and Go and some fresh fruit. It was so great to see the smiles and energy from the students as they arrived!

This is a great opportunity for our Central Family to engaged in an AWESOME start to the day. Breakfast Club is FREE and operates from 8.30am-9am each morning.

## **Our Incredible P&C**

Each week we will continue to get to know our incredible P&C. This week is my delight to present to you our Treasurer Clare Gilby. This is a great way for you to gain an understanding of our P&C as they play a crucial role in supporting our Central Family.

**1.P&C Role - Treasurer** - I pay invoices, balance our books monthly and advise the committee on financial matters. We have a P&C bank account for fundraising and a canteen bank account for all canteen transactions. I'd never written a cheque before I started as treasurer!

**2. How many years have you been a Central Family Member?** – Lara started at Central preschool in 2018 and I became a P&C member in 2020.

**3. Why did you join the P&C?** – I wanted to be involved with my kids education and I saw it as a way to help the school out and have a small say in the direction the school heads. I'm passionate about play based learning (for all ages), process art (letting the kids create whatever they want rather than a copy of someone's art), nature play, giving teachers autonomy to teach their way (spontaneous soccer games during class time!), less paper work, less standardised assessments, shorter assemblies, more reading in class, more engaging library time.

**4 What is my vision for the P&C?** – for the canteen to be financially stable so that fundraising profits can go towards school projects. For us to have a large membership so that the workload is less per person. For us to be able to support the school for better academic outcomes and lobby the department of education if required.

**5. Describe yourself in 3 words** – dedicated, friendly, temperamental!

**6. What do you love about the P&C** – I have recently enjoyed helping out at the footy canteen. It's fun socially and I like putting the money in the till (typical treasurer)! just do it!

## **Tournament of the Minds-**

This year we will be entering a team in the TOM. This is a great opportunity for students to be supported in High Potential and Gifted Education. Ms McCleary has been working with students to prepare for the event. We look forward to hearing more about this incredible opportunity as we get closer to the competition

**Tournament of Minds**

An International educational program 'challenging the world' to  
develop creative problem solving skills

Tournament of Minds (TOM) is a program for all primary and secondary students providing the opportunity to solve authentic, open-ended challenges that foster creative, divergent thinking whilst developing collaborative enterprise, excellence and teamwork.

## Kindergarten 2023

## Subitising

*"Subitising involves immediately recognising the number of objects in a small collection without having to count the objects. The word 'subtise' is derived from Latin and means 'to arrive suddenly'."*

Week 2 Term 3

NSW K-6 Mathematics Syllabus

After our professional learning with Professor Di Siemon last week. All classes are starting to subitise different collections. You can support this at home by rolling a dice or flipping over dominos and asking your child "how many?" Children should be able to instantly say the number within 3 seconds.
