Term 3, Week 7- 2018

### Have a sunny first week of Spring!

#### Week 6 Highlights in Preschool

- Construction, role play and creativity with the large soft obstacle course blocks. The children were making rockets, planes, a cubby house, dog kennels, emergency service vehicles that were on a mission to rescue others. The construction also involved a lot of other skills such as communication between the children and educators, building safe creations in safe places, problem solving, sharing as well as turn taking.
- Gross motor skill development with ball skills, kicking, catching, throwing and playing soccer, going to the Jungle Gym the children have gained more strength and height so we have been using the pole to slide down and use our body strength which is great.
- Drawing: We have been extending our Literacy skills through drawing. The children are drawing LOL dolls, superheros, space scenes, their family, animals and other interests. During drawing and writing time, we are focusing on building fine motor strength, pencil grip and using a variety of materials. You can also support your children in making adjustments if needed when they are drawing and writing at home.

### Father's Day

Thank you to all the families who were able to join us for the Father's Day breakfast last week.

It was lovely to have many families with our wider school community.

Also, thank you for your support with the donations to raise money for the farmers. The children looked like real farmers in their dress ups.

We hope you all had a great Father's Day weekend together and enjoyed receiving the gifts chosen with love at the Father's Day stall and artworks made by your children.

### 2019 Enrolment Forms

A friendly reminder' that all returning children to Preschool and children going to Kindergarten must return enrolments forms to the school office.

Children out of zone must go to the school they are zoned for to collect and return enrolment forms.

Thank you!
