Term 1, Week 6 - 2019

Focus Area

In Preschool, we have been learning about opposites. The children have read stories with some opposites such as 'Where is the green sheep', using flash cards to learn opposites as well as acting out some that we have learnt.

This is a great skill to learn and can be made into a fun game:

Some of the opposites we have been learning are:

- Tall and Short
- Big and Little
- Loud and Soft
- Fast and Slow
- Up and Down
- In and Out
- Cold and Hot
- Wet and Dry
- Day and Night

What opposites can your child share with you and what can you share with them? Have fun!

Reminder: Kinderloop

Thank you to all the families who have returned their consent forms.

Please ensure Miss Pilkington has your email address and consent form so we can go live with online communication in the coming weeks.

We look forward to sharing more photos and highlights of our day at Preschool.

We are getting closer!! Stay tuned!

Highlights at Preschool

- ❖ Superheros: The children have been showing an interest in superheros which has been incorporated into play through reading, drawing, dress ups, role play and building with Lego. Thank you Chris, for showing us some great talent with Lego making.
- ❖ News: The children have been doing an incredible job with News. Thank you for helping your child with preparing something to bring in. They have been building confidence to speak in front of their peers and share more about themselves. Keep up the great work!
- ❖ Reading Buddies: Last week, reading buddies started. Year 5/6J came down on Monday and Friday to build relationships with the children through play and now beginning to read stories to Preschool. This is a very special time for both the Year 5/6 children and Preschool. Each term, we will have a different class come down for buddies.

Clean Up Australia Day

Our school was involved in Clean Up Australia Day in our own way. We have been working on cleaning and caring for our environment. We also incorporated our fine motor skills as we used tongs to help the toys animals in our play spaces by picking up rubbish. This helped the children to learn about the importance and putting rubbish in the bin to protect the animals in our community. Thank you for caring for our land too.

Important Dates

Speech Screenings-Please see note

Session One: Tuesday, March 26th

Session Two: Thursday, March 28th

Easter Hat Parade

Thursday April 11th: All Welcome!
