

Pizza Day

Last week we had a healthy pizza day! As a group we discussed what we could have on a healthy pizza. We decided on cheese, pineapple, ham, capsicum, shallots and sauce. Together we created a procedure on how to make pizzas and then the fun began. Everyone enjoyed making the pizza! Some of us even trying new foods.

Water

With the cooler weather it is still important for us to be drinking lots of water. If you could please ensure your child has a full drink bottle in their bag at the beginning of the day. We are able to refill the bottle with the filtered water when needed.

Please forward all financial enquiries to the main school office or call Ph: 8087-3522
