Term 2 Week 9

Newsletter

Term 2 wrap up!

Thank you to everyone for such a wonderful term. It may have started a little differently but we have all had so much fun learning and playing. This term we have created a wonderful vegetable garden, learnt about healthy eating and bodies, talked about all kinds of creepy crawly bugs and so much more. Every day is full of laughs when we are with our friends.

Thank you to all the families for following along with all the changes throughout the term. I am sure next term will also involve some more changes. Fingers crossed you will be able to come back into the room and see all our new items and artworks we have made.

I hope you have all had a fantastic term.
