

Dear Families,

Preschool is a place where the children are blossoming. They are learning through play, group times and interaction all the time. Thank you for your communication and partnership in your child's journey of growth and development in all areas of Preschool.

Health and Safety

With the cold weather approaching it will soon be time for sniffles and runny noses.

Please ensure that children displaying flu like symptoms remain at home until they are well enough to return to Preschool. Thank you.

Gross Motor Skills

In Preschool, we focus on developing our gross motor skills. We love to develop these skills while jumping on the trampoline, catching and throwing balls, playing circle games and riding our bikes.

We have also been practising turn-taking when using the bikes and the trampoline.

Preschool Fun

At Preschool we learn and play with our preschool friends. Some of the highlights of every day are:

- ❖ Singing: We love to sing in Preschool and some of our favourite songs are Johnny works with one hammer, I had a little turtle and Where is Thumbkin.
- ❖ Playing Kangaroo, Skippy Roo
- ❖ Making new friends, learning their names, and interacting with them.

Thank you

A big thank you to Parents and Caregivers for remaining on the footpath outside the school until 9am and 12pm. Please remember to use the footpaths when entering and exiting the school grounds, and not walk through the school carpark.

Please forward all financial enquiries to the main school office or call 8087-3522
