## Newsletter

Term 1, Week 9 - 2021

### Learning is ALL around us

In Preschool, we have been learning through play, group times and interactions. We would love you to continue this at home with your children.

Some of our exciting growth and learning have been the following and more

- Shapes
- Counting and number recognition
- Name recognition
- Name writing
- Sharing and turn taking
- Gross motor skills- in the outdoor area, at the oval and jungle gym
- The ability to listen and follow instructions.

We are always learning and growing each and every day!

### Social Skills

All day every day the children are learning to socialise, communicate and make friends.

We have had a big focus on manners and respect and using our words to communicate so others know what we are thinking, need or what we like, don't like and so on.

Please continue to support your children at home with these focuses. THANK YOU!

### Reminder!

A reminder that there will be no canteen next Monday 29<sup>th</sup> March.

### Easter Celebrations

This week, Preschool children were buzzing with excitement as we prepared for Easter and the Easter Bunny to visit.

During each session the Easter Bunny visited when we were in group time. He left us foot prints to let us know he had been to visit.

The children had made Easter Bunny ears and baskets. They collected their things from their lockers before the fun and excitement began! They were so excited and happy that the Easter Bunny visited us. It was very special!

### Important Dates

#### Easter Hat Parade

Wednesday 31<sup>st</sup> March. All Welcome! Max 2 adults per family. Every child is making Easter Bunny ears but you are more than welcome to make a hat at home too with your child.

#### Last Day of Term One:
