

Dear Families,

Welcome to our second week of Learning From Home. We will be again contacting families this week to see how you are all going and how we can support you and your child at home. Please keep an eye out on Kinderloop for activities, updates and videos to keep learning from home fun!

Chrome music lab

To continue our music focus, Mrs Northey shared a website that makes learning music more accessible through fun, hands-on experiments.

musiclab.chromeexperiments.com

It can be used on the computer, tablet, or phone.

We will share the link via Kinderloop as a hyper-text link.

Learning from Home packs

There is still time to collect the Learning from Home packs from the school. Please ring the school to let them know you are coming to collect. Don't forget to QR code and wear a mask and social distance.

Mrs McClure will be uploading the packs onto kinderloop for those who didn't get a chance to collect their packs, and to provide a digital copy for anyone who needs it.

Riddle for the Week:

What is black and white and read all over?

A book

It belongs to you, but your friends use it more. What is it?

Your name

What can jump higher than a building?
Anything that can jump - buildings don't jump silly!

Highlight for the week:

It is fantastic to see everyone's contribution on Kinderloop. We really enjoy seeing photos and videos of what everyone is doing at home. If you can, keep it up!
