

Newsletter

Dear Families,

We are so happy to have such an amazing group of children who have a love for play, learning, building friendships and smiling each day at Preschool. We have had a fantastic first week and the children are settling in beautifully! We will have an awesome year in Preschool ahead of us!

Lunch Orders

Preschool will be able to order lunches from the canteen next week.

Session One, will be able to order lunch on Monday and Session Two, on Friday. A menu will be sent home with your child and lunch order bags will be located in a tub located near the sign on book.

QR Code and Signing in / and out

Please remember to sign your child in and out of preschool.

This is an important document to ensure your child is arriving and leaving safely with the correct adult.

We are asking families to wait on the path until 9am or 12pm before signing your child in. Due to COVID guidelines parent/carers are unable to enter the Preschool.

Food and drinks at Preschool

In Preschool, we encourage healthy eating and drinking.

A friendly reminder, that we only have WATER at Preschool in drink bottles and lunch boxes.

Please understand that we fill your children's water bottles with cold filtered water throughout the day so don't be alarmed if they come home with water in their drink bottles. We are making sure they drink water at Preschool.

Just a few reminders:

- Please ensure you have spare clothes for your child in their bag at all times.
- We are asking families to please encourage your child to keep home toys at home so these toys don't get lost.

News Timetable

Our news timetable will be sent home and put on Kinderloop by the end of this week ready to start next week.
