

Newsletter

Dear Families,

Preschool is a place where the children are blossoming. They are learning through play, group times and interaction all the time.

Thank you for your communication and partnership in your child's journey of growth and development in all areas of Preschool.

Hats

Just a reminder to ensure students please bring a hat with them to preschool.

All hats will need the child's name on it. Throughout the day, we are encouraging all children to put hats in lockers when not required for outside play and to look after their belongings (hat, water bottle).

Kinderloop

Thank you to all the families who have already accepted the Kinderloop invitation which was emailed to you at the start of the year. This will be the main online communication we will use to keep families updated and sharing more photos and highlights of our day at Preschool.

If you need the invitation email resent, please ask Miss Jo or Miss Zammitt.

Arrival

We are asking families to wait on the path until 9am or 12pm before signing your child in.

Due to COVID guidelines parent/carers are unable to enter the Preschool.

Hopefully we will hear soon on any further changes in regards to the COVID guidelines and notify families of these changes.

Home Journal

We are happy for you to use the home journal as a source of communication with us at any time. We understand that sometimes it is hard to catch us. If you would like me to follow up with a phone call, please write that in the journal and I will contact you.
